If you think we reach  
only businessmen,  
think again.

## We have a significant number of women readers.\*

In business, it's no longer just the men who rule. Women have become important power players in the industry. So it's no surprise that we've gained more women readers over the years.

Majority of our readers are influential people whose decisions impact greatly on today's business environment. People who spend their hard-earned currency on high-ticket items. 63% of our market are in their 20's to 40's. Around 40% engage in an active lifestyle. And yes, we do reach the class C market.

While it's true that we reach the privileged crowd, we've found that many of them eat at fast-food restaurants and buy their gear at the local sports shop.\*

We reach a broader market than you'd expect. If you think BusinessWorld readers think only of business, think again.

# A NEWSPAPER COMMITTED TO TRUTH

The Philippine STAR is the flagship title of the country's largest and most successful print media enterprise, the Star Group of Publications.

"Country's largest and most successful print media enterprise"

Owned and published by Philstar Daily Inc., **The STAR** is a vaunted pillar of Philippine journalism whose integrity is anchored on the Biblical motto, "Truth Shall Prevail". Veteran newsmen Max Soliven, Betty Go-Belmonte and Art Borjal founded The Philippine STAR on July 28, 1986 in the heels of the EDSA Revolution.

"Informing and inspiring readers the world over"

Through the years, **The STAR** has lived up to its mission of informing and inspiring readers the world over.

It is a hall of fame awardee of the prestigious Newspaper of the Year award given by the Rotary Club of Manila (2006, 2011 and 2012), which recognizes excellence in Philippine journalism.

"A P4-billion multimedia enterprise with a global presence "

**The Philippine STAR**'s growth under the leadership of its president and CEO, Miguel G. Belmonte, has been phenomenal. From an eight-page single-section newspaper that first hit the streets in 1986, **The Philippine STAR** is now a P4-billion multimedia enterprise with a global presence through its popular website, [www.philstar.com](http://www.philstar.com), and multi-platform offerings that make it a dominant force in Philippine media.

"The newspaper most trusted by Philippine companies and brands"

For the country's premier establishments, notably Jollibee, Chowking, Starbucks, leading hotel chains, restaurants and hospitals,

**The STAR** is their newspaper of choice. **The Philippine STAR** also remains the print medium most trusted by Philippine companies and brands to get their message across as it continues to garner the highest advertising gross among all print media entities since 2006.

**The Philippine STAR** received the prestigious Marketing Company of the Year Award from the Philippine Marketing Association in 2006 in recognition of its business success and market leadership.
