The Manila FAME April 2016 Boutique Edition takes inspiration from the theme of ***IRIDESCENCE***, a spectrum of colors borne of light. It is the never-to-be-missed trade show this side of Asia, where a single idea is transformed into limitless possibilities.

As a sourcing event, Manila FAME offers a multi-sensory sourcing experience like no other, where every designer piece has its own unique story -- a story of skilled craftsmanship and out-of-the-box design innovation.

Don't miss the *iridescent* experience at the Manila FAME: Boutique Edition where a wide selection of colorful, contemporary, and chic products await you.

For the 63rd show edition, Manila FAME returns to its April season to bring the global trade buyers to the optimal buying cycle. It is envisioned to be a specialized one-stop source of high-concept products and an exclusive platform for business matching between choice exporters and buyers.

Manila FAME shifts gears and evolves into Asia's boutique show in its April 2016 edition, with a more sophisticated trade show that caters to the discriminating taste of choice trade buyers from here and abroad. Select exporters will benefit from being able to promote the distinctive features of high-end products representing the home, holiday, and fashion sectors in a well-coordinated boutique setting at the World Trade Center Metro Manila.

Manila FAME brings to you an ever-growing showcase of Philippine designer pieces for the home, holiday, and fashion sectors, with the theme *Iridescence* which depicts the colorful character of Manila FAME. It promises to be a one-stop source of high-concept products represented in three product strands: *Artisanal*, *Green Crafts*, and *Luxe Lifestyle*.

ARTISANAL. *From the artist's hands to your home, colorful stories of history, heritage, and hope are woven into every 'soul craft' produced by Filipino craftsmen whose skills have been perfected through the years. These handmade creations bring tradition to the now and continue to inspire those who value 'soul art.'*

GREEN CRAFTS. *For today's eco-conscious consumer, the green movement drives design that thrives on sustainability. What inspires is the capacity of local communities to create and sustain regenerative design culture. Each 'green craft' is a commitment to cultural preservation, while promoting social enterprise.*

LUXE LIFESTYLE. *Luxe connotes sophistication, elegance, and style. Top of the line in design, quality, and craftsmanship befitting prestige brands, these limited-edition items cater to a niche market with discriminating taste.*

AT A GLANCE

About Manila FAME

Considered as the country's premier design and lifestyle event, Manila FAME is a bi-annual showcase of craftsmanship, design innovation, and artisanship in Philippine products. It features finely selected furniture and home furnishings, holiday gifts and décor, and fashion accessories designed and crafted in the Philippines for the global market.

Manila FAME is organized by the Department of Trade and Industry (DTI), through the Center for International Trade Expositions and Missions (CITEM). It is the second longest-running trade show in the Asia-Pacific, and is the only trade event in the country that is approved by *Union des Foires Internationales* (UFI), or the Global Association of the Exhibition Industry, a Paris-based association of trade fair organizers founded 90 years ago in Milan, Italy in April 1925.

TRADE SHOW HIGHLIGHTS

Y'ARI

Y'ARI highlights the intersection of artisanal creation in select Philippine villages and the careful crafting of interventions to support the respectful transformation into the contemporary design market.

Marian Roces is lead curator, whose main task is the design of the interfaces between and among different worlds and ways of thinking. The exhibition presents clothing and accessories fashioned from the Philippines' noble materials such as *piña* silk, glass beads, pearls, and precious metals to evoke the level of quality that is being matched by modern transformations. With a *haute* design concept on hand, the exhibit departs from typical trade show approaches.

SPRING FORWARD

Spring Forward stages a special setting that showcases handpicked local creations from the country's craftsmen, artisans, and young designers. Furniture designer and interior design consultant Ito Kish 'reimagines' the season of renewal through a symphony of greens and hanging light bulbs, brought together by solid black marble table tops that put focus on the versatility and the potential of Philippine products.

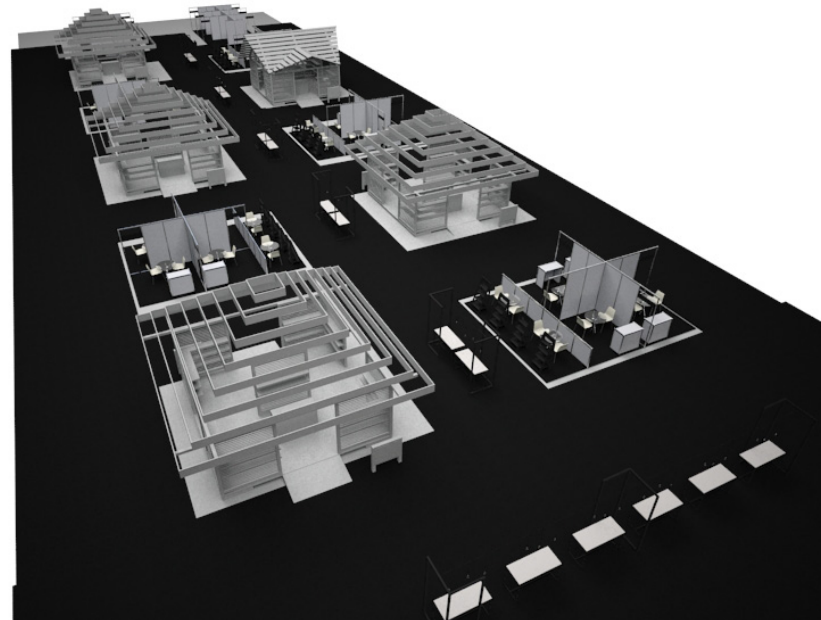

Crafts of the Islands.

THE ARTISANS VILLAGE

The Artisans Village plays a significant role in protecting, preserving and promoting the arts and crafts of the islands. It aims to celebrate the work of local artisans and master craftsmen highly skilled in weaving, wood carving, metal forging, and other various forms of traditional crafts.

Lifestyle designer PJ Arañador teams up with product specialists Imelda Datul and Rachelle Dagñalan in a creative collaboration with the local governments, DTI regional offices, and 45 SMEs from Albay, Cagayan Valley, Davao, and Laguna.

The **One Town, One Product (OTOP)** program of the Bureau of Domestic Trade Promotion (BDTP) of the Department of Trade and Industry (DTI) is a priority program of the government to promote entrepreneurship and job creation in the country's various regions.

dti **RIPPLES** Plus

EXPORT DEVELOPMENT PROGRAM FOR SMEs

Regional Interactive Platform for Philippine Exporters (RIPPLES Plus)

Ripples Plus is a partnership program of the Export Marketing Bureau (EMB) with the Department of Trade and Industry-Regional Operations Development Group's (DTI-RODG) Export Pathways Program (EPP). It enables the regional and provincial staff to handhold potential exporters through capacity-building trainings and provides direct interventions (e.g. product designs, market info seminars, compliance with market requirements, export marketing activities such as international trade fair participation, etc.) to potential and existing exporters enrolled under the EPP.

THE DA PAVILION

The Department of Agriculture (DA) Pavilion presents a wide range of gourmet gifts, body care and wellness products, manufactured by select grassroot communities supported by DA-Agribusiness Marketing Service (AMAS).

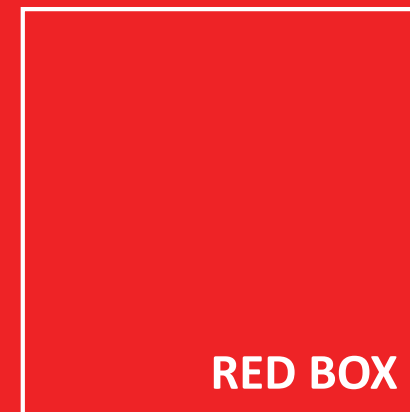

M A N I L A W E A R

Manila Wear is a branding initiative under Fashion Philippines that aims to develop the Philippine fashion industry into a globally competitive industry.

With international fashion icon Josie Natori as curator, Manila Wear continues to position the Philippines as an advocate of unique fashion pieces that combine artisanal crafts with contemporary sensibilities – a fresh take on a more individualized and personal style of fashion.

RED BOX

Red Box continues to incubate and develop young designers through an ongoing talent development and mentorship program, with Manila FAME as the primary marketing platform. Red Box designers are given the challenge to create and curate spaces reflective of their own design aesthetic. The showcase, which highlights fresh and inspiring product design ideas, provides a glimpse into their growth as designers.

For the April 2016 edition, Red Box features the designs of Joseph Rastrullo and Rachelle Dagñalan who developed a conceptual display based on Manila FAME's theme *Iridescence*. Both designers are joined by Jim Torres and Kit Blancas, the winners of the *Red Box Design Talents 2015* in the home category.

DESIGN MATTERS: THE DCP AT MANILA FAME

The Design Center of the Philippines (DCP) presents a variety of exhibits that include pop-up settings of paper lamps, architectural baskets, and engineered bamboo furniture developed by its corps of Young Industrial Designers.

The DCP Exhibits include a Raw Materials Gallery with bamboo and *coco coir* tiles in focus; and a retrospective of bespoke prototypes developed by its team of Product Specialists over the years.

DCP, likewise, brings to Manila FAME, Design Workshops on materials (handmade paper filigree making, paper lamp making, lamination of raw materials, and palm frond weaving) to be conducted by its Young Industrial Designers at the lobby of the World Trade Center.

**HALLONE EXHIBIT**

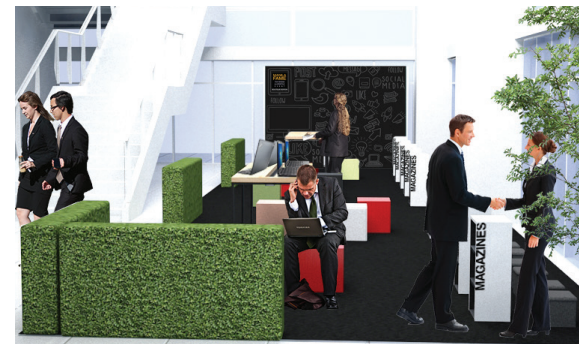

HallONE teams up with DTI regional offices of CALABARZON, Philippine Textile Research Institute (PTRI), Philippine Fiber Industry Development Authority (PHILFIDA), Philippine Coconut Authority (PCA), and the Design Center of the Philippines (DCP) in presenting a special exhibit that explores new applications of *coco coir* as a raw material for home, lifestyle, and fashion products. A complementary material showcase, featuring other Philippine indigenous materials that are just as versatile and available for sourcing, provides the backdrop for this exhibit.

**ONE DTI**

One DTI is an information booth featuring the services of bureaus/attached agencies under the Industry Promotion Group (IPG) of DTI: Bureau of Domestic Trade Promotion (BDTP), Export Marketing Bureau (EMB), Foreign Trade Service Corps (FTSC), CITEM, DCP, Philippine International Trading Corporation (PITC), and the Philippine Trade Training Center (PTTC).

**INTERNET LOUNGE**

The Internet Lounge offers Manila FAME trade buyers an ideal place to sit down and foster online as well as offline collaboration with like-minded attendees during the entire show. Its services include social media solutions for those who need to create and maintain business touch points across all communication channels.

**URBAN GARDEN CAFE/RESTAURANT**

A garden restaurant, set up in a relaxing urban garden setting, provides Manila FAME buyers and guests a welcome opportunity to take a break from the flurry of trade show activities with its oasis-like ambiance and features. A delicious menu makes dining at the trade show extra special.

SLINGSHOT

PHILIPPINES

Slingshot Philippines 2016 is a national summit and exhibit on startups and innovation, which started as the official startup and innovation event of the 2015 APEC Philippines Hosting when the Department of Trade and Industry (DTI) organized and staged *SlingshotMNL 2015* at the Philippine International Convention Center (PICC) in July 2015.

This 2016, DTI pushes for another *Slingshot* as follow-through and build-up activity with the theme, **Accelerating the Innovation Economy**, in preparation for the official DTI event during the Philippines' hosting of the ASEAN Summit in 2017 -- the **Slingshot@ASEAN**.

Slingshot Philippines is DTI's startup and innovation ecosystem development program and a government-initiated platform for public dialogue and partnership, building and nurturing the innovation ecosystem as an enabling environment with policies and programs for the startup and innovation sectors. It is held in conjunction with Manila FAME and Design Week Philippines (DWP).

With the aim of developing the Philippine startup and innovation ecosystem, **Slingshot Philippines 2016** mounts a two-day conference and exhibition for a more integrated and cohesive Philippine innovation presentation. It has the following components:
