MANILA FAME

OCTOBER 2016 EDITION

MANILA FAME

ABOUT THE SHOW

Considered as the country's premier design and lifestyle event, Manila FAME is a bi-annual showcase of Philippine craftsmanship, design, and innovation. It serves as a sourcing platform for Home, Fashion, and Lifestyle products designed and crafted in the Philippines for the global market.

Manila FAME is organized by the Philippines' Department of Trade and Industry (DTI), through the Center for International Trade Expositions and Missions (CITEM). It is the second longest-running trade show in the Asia-Pacific and is the only trade event in the country that is approved by Union des Foires Internationales (UFI), or the Global Association of the Exhibition Industry, a Paris-based association of trade fair organizers founded 92 years ago in Milan, Italy in April 1925.

WHAT'S NEW

2017 MANILA FAME PROJECTS

The Philippines' premier design and lifestyle event returns this April with an added element in its brand DNA.

Manila FAME introduces brands, designers, products and materials under the theme **PROJECTS** catering to real estate, hospitality and contract market for interiors, decoration, and design.

1

Manila FAME is a brand show. Manila FAME features export brands, retail brands and designer brands all under one roof.

2

Manila FAME is a crafts show. It is a go-to venue for small craft producers and makers that are unique, creative, functional, and current.

3

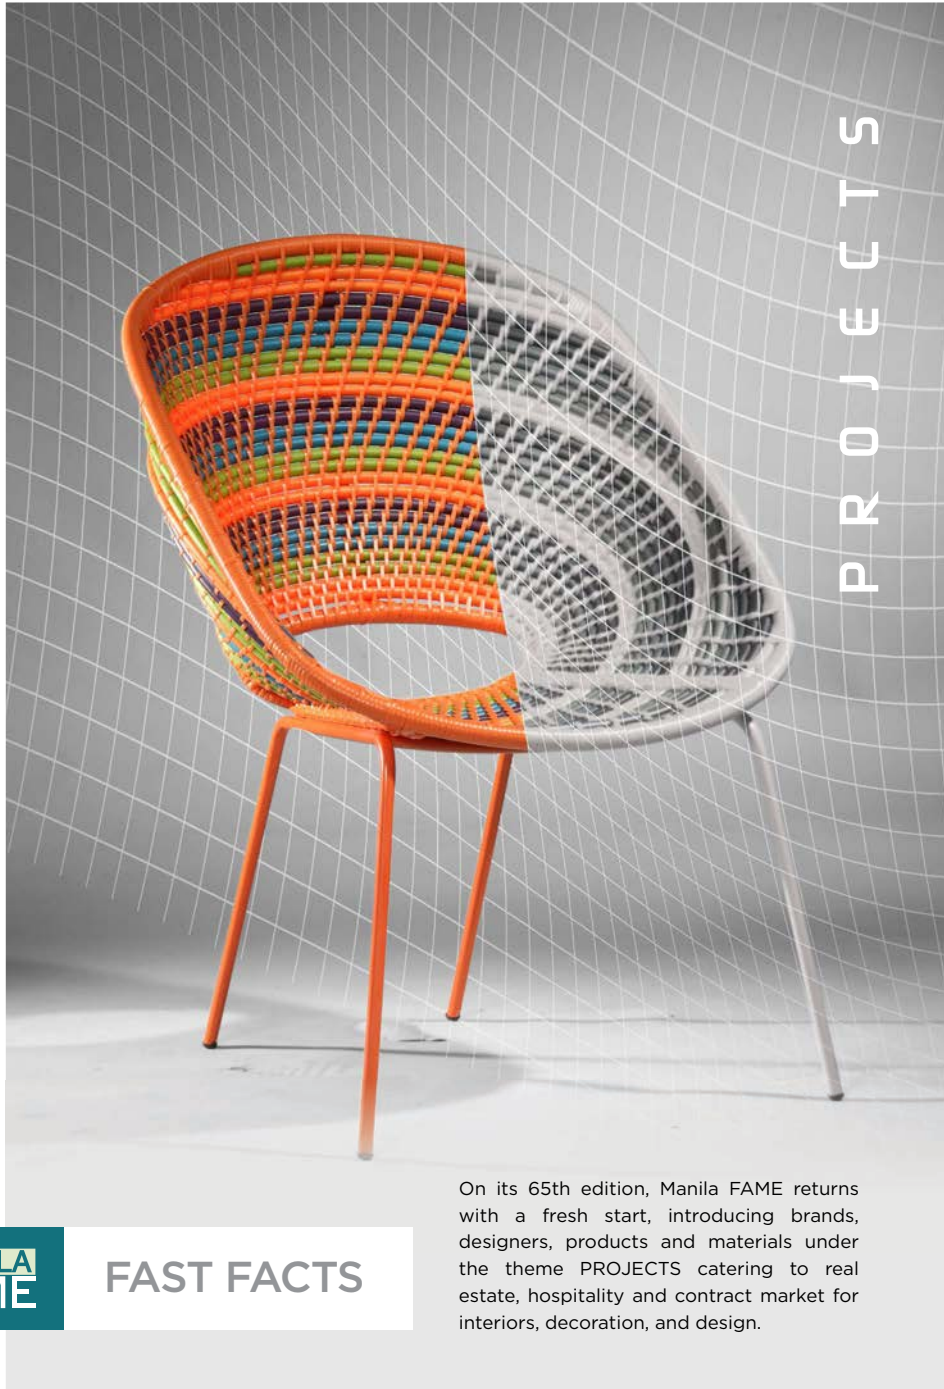

Manila FAME is a designer show. Manila FAME collaborates with product designers for crafts, home, fashion, holiday, food as gifts, food, and other lifestyle products.

4

Manila FAME is a materials show featuring the widest range of Philippine indigenous materials for home, fashion, holiday, architectural components, and interior design.

MATERIA: BAMBOO

SECOND EDITION

The Design Center of the Philippines and three of its product specialists, Dem Bitantes, Stephen Buñi, and Rey Soliven, collaborate with the Pampanga Furniture Industries Foundation (PFIF) in developing furniture and decoration pieces for architectural and contract market. The **Materia: Bamboo** special setting emphasizes the versatility of bamboo as a material adapting to modern finishing and textures for new market niches especially the contract market.

MATERIA: COCONUT

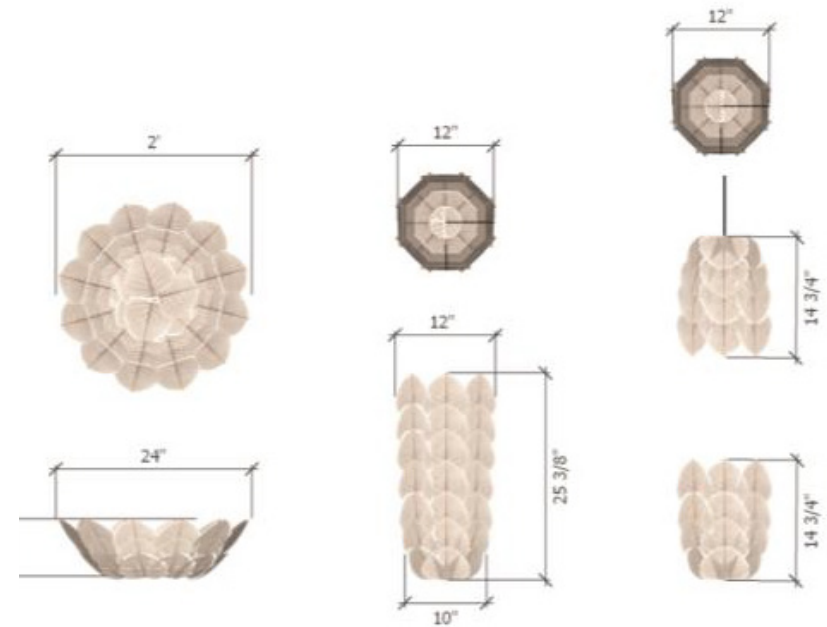

SECOND EDITION

The **Materia: Coconut** setting puts the spotlight on the continued exploration and development of coconut materials under the Design Center's Materials Research and Development Program. From the coconut's twigs, shells, husks, and its leaves, coco coir and "guinit" are produced, treated, and manipulated for interior and architectural application in a product collection developed by product specialist Wataru Sakuma, in collaboration with Philippine SMEs.

The *New Generation Weaves* echoes once again the voice of Philippine indigenous and natural materials after its successful launch in the 2016 Manila FAME October edition. Led by Paris-based design specialist Nelson Sepulveda, the exhibit pays homage to the Philippine artisanship that evokes a global contemporary lifestyle characterized by balance and restraint.

CHRISTMAS “PABITIN” REDUX

The *Christmas “Pabitin” Redux* exemplifies Philippine festivities by incorporating two of the country’s iconic celebrations, i.e., Christmas and fiestas, into an illuminated display. Christmas décor in various shapes and sizes are hung from lattice of bamboo sticks to create ornate geometric shapes and symmetry as part of the exhibit by the Philippine Homestyle and Holiday Décor Association.

PROJECTS

SUPPORTING
WOMEN'S
ECONOMIC EMPOWERMENT IN THE PHILIPPINES

A project of the Philippine Commission on Women (PCW) in partnership with the Department of Trade and Industry's Project Management Team, the ***Gender-Responsive Economic Actions for the Transformation of Women (GREAT Women) Project 2*** is funded by the Canadian International Development Agency. International lifestyle designer PJ Arañador, Red Box Junior Designer Rachelle Dagñalan, and Design Center Senior Designer Mon Pabillon serve as the product specialists for the 35 women entrepreneurs and micro-enterprise producers of indigenous weaves and textiles reinvented for home and fashion.

TM*/NEW DIRECTIONS REDUX

Materials are considered as the building blocks of transformation towards a new form of creative expression and design sensibility among Filipino artisans. Initially launched in the 53rd edition of Manila FAME in 2011, **TM*/New Direction** returns to reimagine the country's four most iconic materials: bamboo, coconut, capiz, and abaca to inspire new material manipulation among artisans while also promoting its traditional uses and application.

The Philippines' Department of Agriculture (DA) presents premium food gift items, handcrafted soap products, personal care products including health and wellness choice items by local companies.

MINDANAO ONE - FASHION

Mindanao ONE - Fashion puts into light the beauty of southern Philippine textiles in forms of dresses created by Davao-based designers and handcrafted by the region's indigenous weavers. The garments, worn by Miss Universe 2016 candidates during one of the competition's ancillary activities in Davao City, represent the region's T'boli weaves, indigenous cross-stitches, Yakan weaves, tribal weaves of Bukidnon, royal garb of Mandaya tribe, and Inuol ball gowns.

ABRA FASHION

NATURAL DYE CAPITAL OF THE PHILIPPINES

Abra Fashion highlights the mastery of the Tingguians in infusing natural dyes to handwoven textiles. The vividly colored fabrics embody the meaningful storytelling of Tingguian designs and the rich cultural heritage of the tribes in creating dyes from native plants.

RIPPLES Plus, or the Regional Interactive Platform for Philippine Exporters (RIPPLES) Plus, is a program jointly implemented by the Export Marketing Bureau (EMB), DTI-Regional Operations Group, Philippine Trade Training Center (PTTC) and the Center for International Trade Expositions and Missions (CITEM). It aims to expand the supply base of internationally competitive Philippine export products and services by extending strategic, company-level interventions such as capacity-building trainings, product

development, market information and global product trends to participating SMEs to make them export-ready, and/or to enhance their export capacity and competitiveness. The program prepares these companies to compete in terms of volume, quality, price, packaging, compliance with market entry requirements, rules and regulations, design leadership or alignment with current design trends; and when export-ready, to match these companies with prospective foreign buyers and actively promote their products in the export market.

CENTER FOR INTERNATIONAL TRADE EXPOSITIONS AND MISSIONS

The Center for International Trade Expositions and Missions (CITEM) is the export promotion arm of the Philippines' Department of Trade and Industry (DTI).

CITEM is committed to developing, nurturing, and promoting globally competitive micro, small, and medium enterprises (MSMEs), exporters, designers, and manufacturers by implementing an integrated approach to export marketing, in partnership with other government and private entities.

For three decades, CITEM has established the country's image as the premier destination for quality export products and services. It continues to set the highest standards of creativity, excellence, and innovation to achieve export competitiveness in the international market.

As the prime mover in export marketing, CITEM provides export-driven programs, spearheads official participation in overseas trade fairs, and organizes signature events in the Philippines and high-profile promotional activities in key markets abroad.

CITEM undertakes design for export initiatives:

- *Brand Building
- *Export Coaching
- *Product/Merchandise Development
- *Young Designer Development
- *Local-International Designer Collaboration
- *Permanent Showroom
