MANILA FAME

ABOUT THE SHOW

Considered as the country's premier design and lifestyle event, Manila FAME is a bi-annual showcase of Philippine craftsmanship, design, and innovation. It serves as a sourcing platform for Home, Fashion, and Lifestyle products designed and crafted in the Philippines for the global market.

Manila FAME is organized by the Philippines' Department of Trade and Industry (DTI), through the Center for International Trade Expositions and Missions (CITEM). It is the second longest-running trade show in the Asia-Pacific.

HALLONE

The Philippines enjoys a well-deserved international reputation for creativity. Similar to its scattered islands, the creative industries cover a wide array of subsectors including advertising, animation, architecture, crafts, cultural heritage activities, design, film, literature, music, new media, performing arts, publishing, and visual arts.

Aiming to harness this pool of creativity, the Department of Trade and Industry (DTI) through the Center for International Trade Expositions and Missions (CITEM) has launched the "The Philippines Creative Industry," two simultaneous trade shows that will promote the lucrative economic potential of the country's creative industries and its subgroups.

THE LAST OF THE
MAMBABATOKRENAISSANCE OF A
1000-YEAR-OLD TRADITION

For many generations, the people of Buscalan, Kalinga held onto their prized art of traditional tattooing or "*pagbabatok*." Their tattoos were a symbol of pride earned by betrothed women and men for their valor and strength, their skins a living canvas embellished with the cultural heritage of their tribe.

Considered as a dying art in the turn of the century, the "*pagbabatok*" now rests on the shoulders of Whang-Od Oggay, the last "*mambabatok*" of her generation in Kalinga and the Philippines' oldest tattoo artist, and her successors, Grace Palicas and Ilyang Wigan.

The unsung heroes of our generation, the "*mambabatoks*" will join the best craftsmen in the country in the 66th edition of Manila FAME to show the world the Philippine culture as it continues to move forward without forgetting its past.

DESIGN COMMUNE

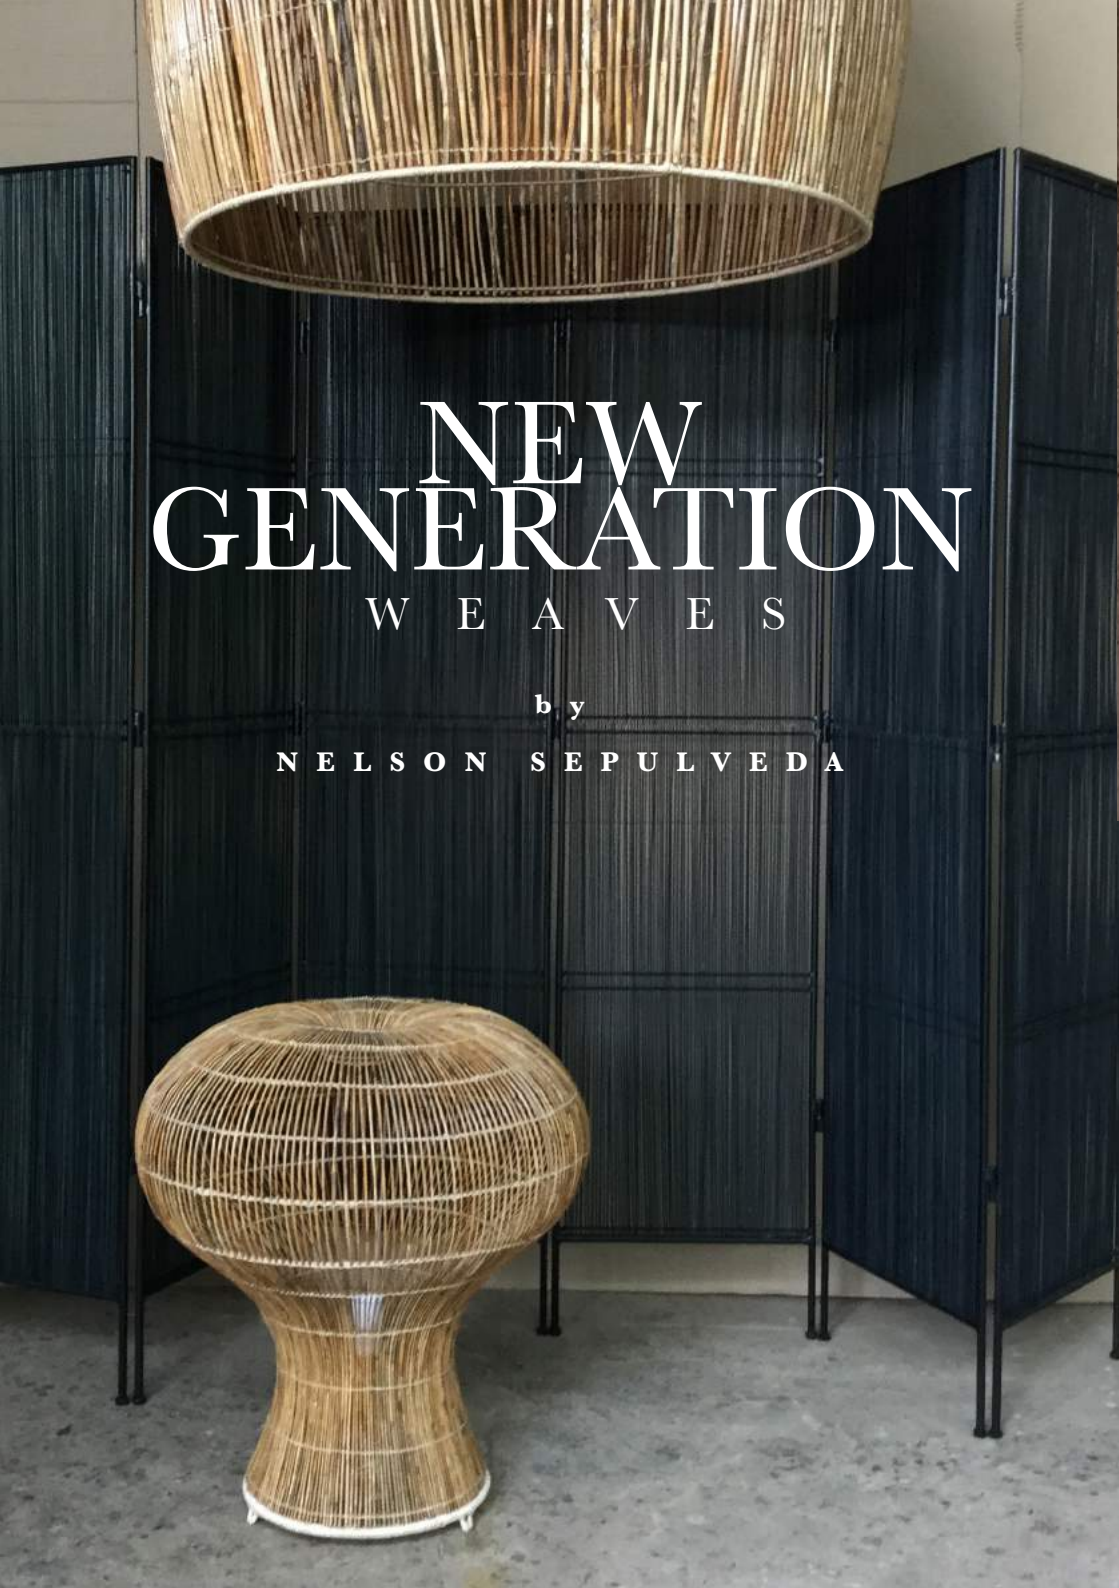

PATTERNS & PALETTES

BY TONY GONZALES

DESIGN COMMUNE: PATTERNS & PALETTES

Under the thematic guidance of multi-awarded and internationally acclaimed designer Tony Gonzales, **Design Commune: Patterns and Palettes** marry the strengths of each Manila FAME participant to present a versatile collection made to match a variety of material requirements, techniques, and price points. The setting is framed in four themes in a super store style showcase of different colors and textures: Blues and Whites, Ethnic Nomads, Green Tinted, and Natural Black and White.

NEW GENERATION

by

NELSON SEPULVEDA

NEW GENERATION WEAVES 2

Transitional and evolutionary. Paris-based design specialist Nelson Sepulveda invokes harmony and balance in his second phase of **New Generation Weaves**, a look into the beauty of natural raw materials and Philippine craftsmanship. With nature as the main theme, Sepulveda curates a selection of items meant to awaken the inborn link with nature and form a harmonious display.

MANILA WEAR

MANILA WEAR

A branding initiative under Fashion Philippines, **Manila Wear** looks to develop the fashion industry to become globally competitive and position the Philippines as an advocate of ingenious designs that combine artisanal crafts with contemporary design sensibilities.

THE ARTISANS VILLAGE

A staple of Manila FAME, the **Artisans Village** stands as an avenue for local micro, small and medium enterprises to introduce their regional crafts to the global market while promoting their region's trade, investment and tourism. In this edition, the program will feature contemporary furniture, home décor, and fashion pieces with hints of tradition from across Albay, Bohol, Bulacan, and Central Luzon.

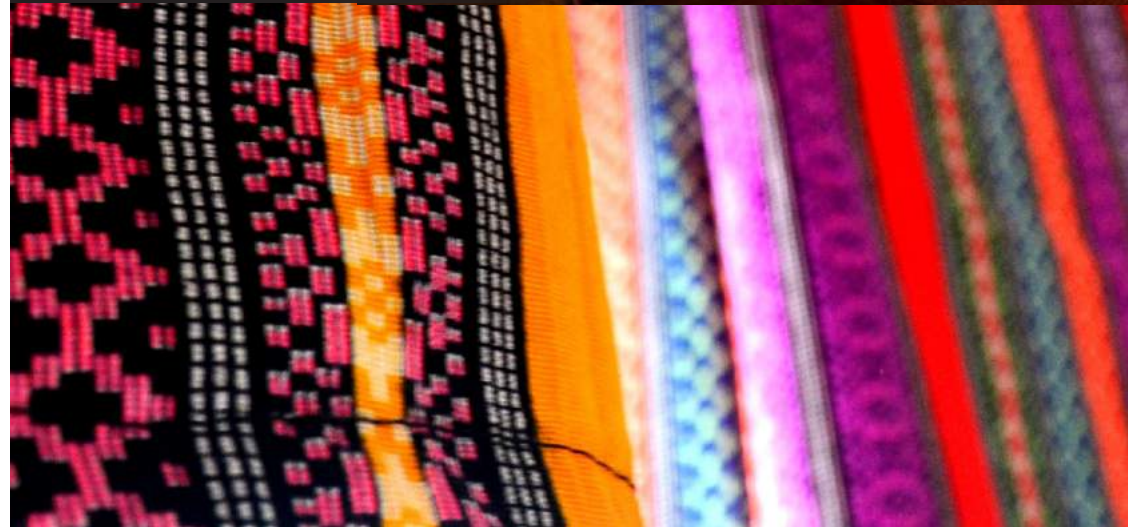

GENDER

ECONOMIC
ACTIONS FOR THE
TRANSFORMATION OF
(GREAT) WOMEN
PROJECT 2

**GREAT WOMEN
PROJECT 2**

Natural. Textured. Vibrant. Experience the country's rich cultural heritage as the **Gender Responsive Economic Actions for the Transformation of (GREAT) Women Project 2** accentuates the convergence of regional creative traditions and material kinship under the direction of globally renowned lifestyle designer PJ Arañador. With a highlight on natural fiber, the project features a variety of exquisite handcrafted products from nearly 50 women-led enterprises from across the country.

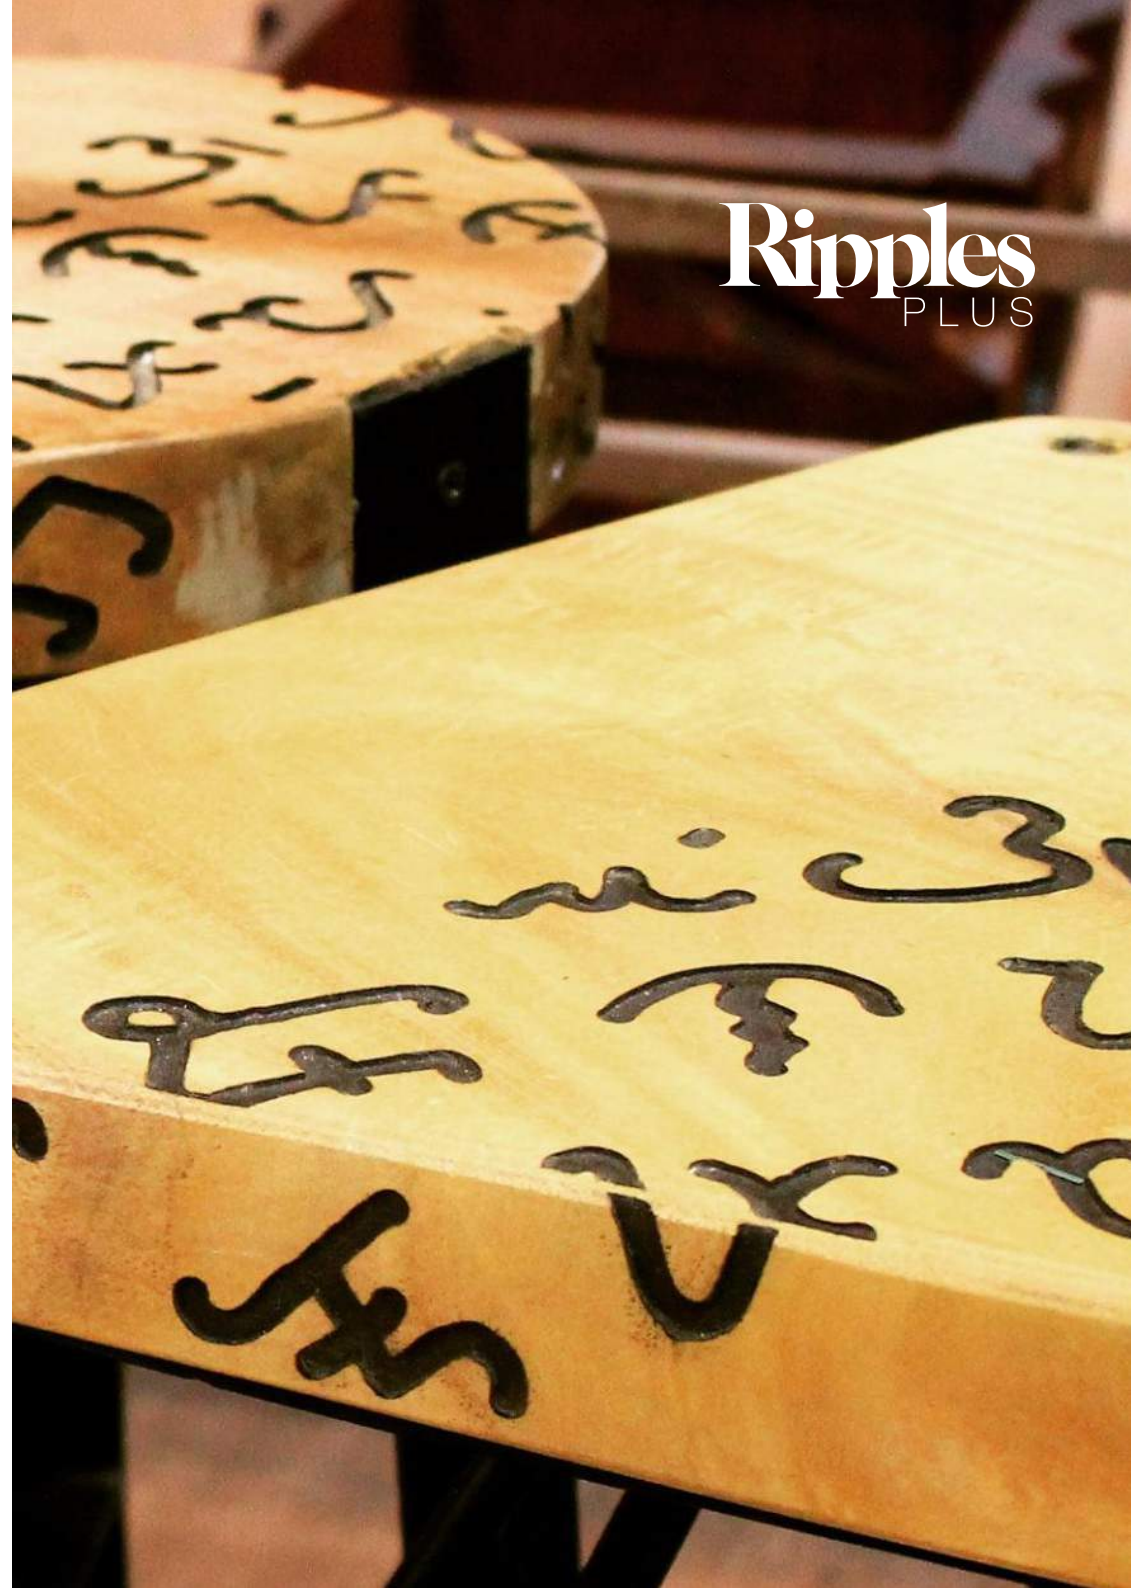

HEALTH & WELLNESS PAVILION

CITEM, in partnership with the Department of Agriculture, through its' agency, the Agribusiness Marketing Assistance Service (AMAS), will relaunch Health and Wellness as a sectoral category in Manila FAME starting this edition. Featured are local companies that carry food as gifts (natural, healthy, and organic), handcrafted soaps, natural personal care, and spa products and services.

RIPPLES PLUS

The **Regional Interactive Platform for Philippine Exporters Plus** initiative will feature a selection of artisanal products from 12 of its leading enrollees under the Home and Houseware sectors. The program has worked towards increasing the number of internationally competitive local product and services exporters with the Export Marketing Bureau at the helm.

Ripples
PLUS

The **Design Center of the Philippines** and its **Design Innovation Program** explores new grounds in design and materials research and development to bring new and sustainable solutions that unlock opportunities for Philippine products and services to become key players in the global economy.

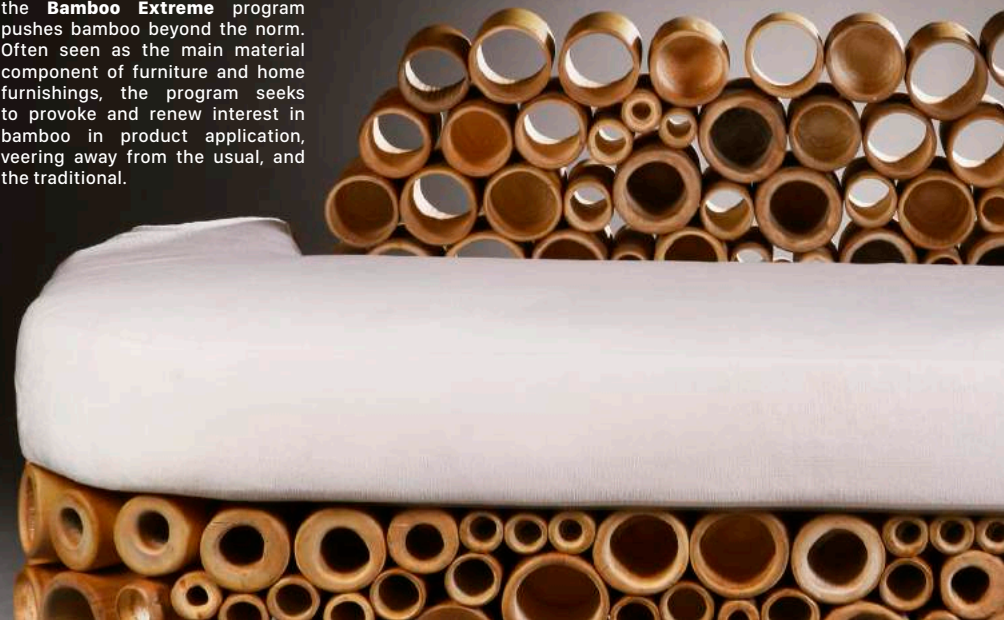

This year, Design Center brings to Manila FAME October 2017 Edition three special settings that strengthen the Philippine design foundation, inspire new ideas, and generate business growth.

BAMBOO + PROGRAM

The **Bamboo + Program** further explores bamboo as a material for furniture, furnishings, gifts, decor and houseware. The agency, in collaboration with 26 manufacturers nationwide, developed modern, more commercially driven, and trend-now products that evoke playfulness and personal healing in its two launching themes of **Play** and **Modern Artisan**.

BAMBOO EXTREME

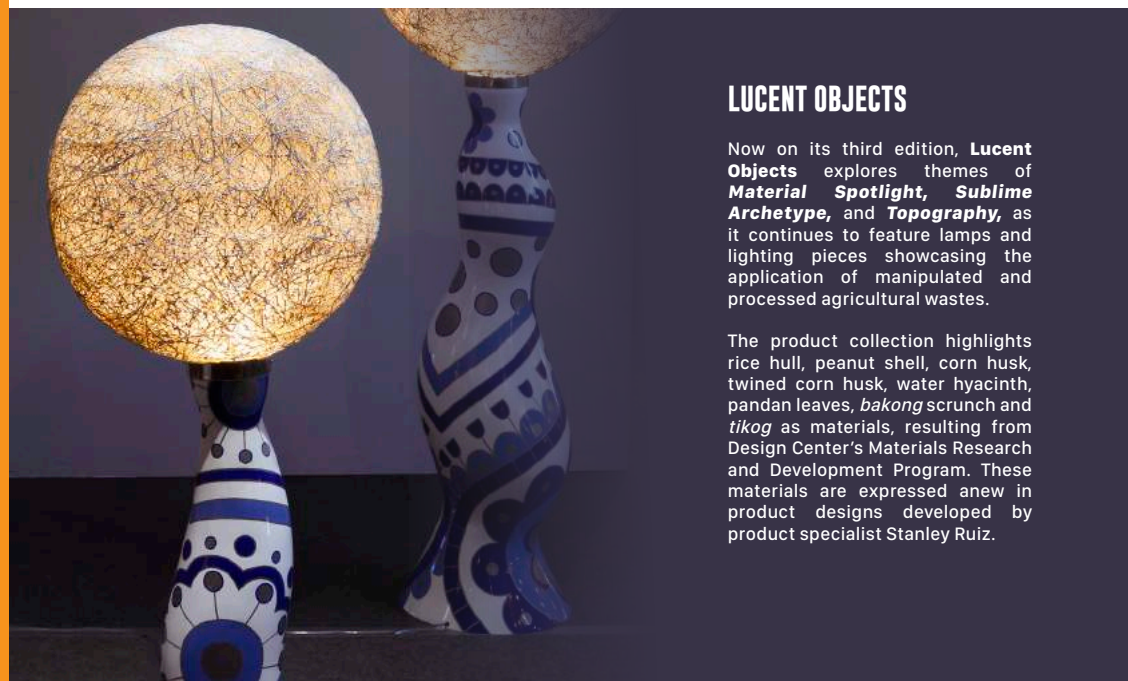

Taking after the youthful energy of today's millennial generation, the **Bamboo Extreme** program pushes bamboo beyond the norm. Often seen as the main material component of furniture and home furnishings, the program seeks to provoke and renew interest in bamboo in product application, veering away from the usual, and the traditional.

LUCENT OBJECTS

Now on its third edition, **Lucent Objects** explores themes of **Material Spotlight**, **Sublime Archetype**, and **Topography**, as it continues to feature lamps and lighting pieces showcasing the application of manipulated and processed agricultural wastes.

The product collection highlights rice hull, peanut shell, corn husk, twined corn husk, water hyacinth, pandan leaves, *bakong* scrunch and *tikog* as materials, resulting from Design Center's Materials Research and Development Program. These materials are expressed anew in product designs developed by product specialist Stanley Ruiz.

CHAMBERS : THE CEBU PROJECT

Curated by designer Tes Pasola, **Chambers : The Cebu Project** will feature the convergence of Cebu's varying lifestyle and culture which will serve as a product showcase for Cebu's top manufacturers. **The Cebu project** was launched in partnership with the Cebu government and DTI-Cebu and supported by Cebu FAME, Cebu Furniture Industries Foundation, Inc., and the Cebu-GTH Foundation, Inc.

MAI' LIFESTYLE

Ma'i, as a movement, represents the journey to self-discovery through the convergence of history and tradition. It is a branding initiative of the Philippine Gifts, Decor, and Houseware (GDH) sectors, in partnership with the Board of Investments (BOI), unifying the sectors to shift from mere visibility to credibility. **Mai' Lifestyle** provides significant support for MSMEs trying to establish their presence in the foreign market.
